### EXPERIENCE

During my tenure as the graphic design intern it was my responsibility to create the visual identity of each show as well as oversee and execute the printing of all promotional material to come out of the gallery.

### ACTIVITIES

CRITICAL CINEMA Alfred University 2018 - 2020

*Co-Director/Graphic Designer*

As the Graphic Designer it was my responsibility to re-design and re-brand the visual identity of the weekly film event as well as creating the monthly promotional material for the organization. As the Co-Director I was also in charge of curating the weekly screenings as well as organizing special events and guest lectures.

GIRLS GIRLS GIRLS Alfred University 2019

I was featured in an all female show curated by Simone Ferguson that directly confronted the statistics of gender disparity within the arts by showcasing a celebration of work made by women and focused on themes of gender identity and gender stereotypes.
